## § 121.901

## § 121.901 Can other Government agencies obtain SBA size determinations?

Upon request by another Government agency, SBA will provide a size determination, under SBA rules, standards and procedures, for its use in determining compliance with small business requirements of its statutes, regulations or programs.

## § 121.902 What size standards are applicable to programs of other agencies?

- (a) SBA size standards. The size standards for compliance with programs of other agencies are those for SBA programs which are most comparable to the programs of such other agencies, unless otherwise agreed by the agency and SBA.
- (b) Special size standards. (1) Federal agencies or departments promulgating regulations relating to small businesses usually use SBA size criteria. In limited circumstances, if they decide the SBA size standard is not appropriate, then agency heads may establish a small business definition for the exclusive use of such program which is more appropriate, but only when:
- (i) The size standard is first proposed for public comment pursuant to the Administrative Procedure Act, 4 U.S.C. 553:
- (ii) The proposed size standard provides for determining size measured by average number of employees over 12 months for manufacturing concerns, average annual revenues over three years for concerns providing services, and data over a period of not less than three years for all other concerns (unless approved by SBA, "annual receipts" and "number of employees" must be determined in accordance with §§ 121.104 and 121.106, respectively); and
- (iii) The proposed size standard is approved by SBA's Administrator.
- (2) In order to receive the approval of SBA's Administrator, the agency head must:
- (i) Request approval prior to publishing the proposed rule containing the size standard. The request must include: an explanation of the contemplated industry size standard, the reasons the SBA size standard is not

- appropriate, and the reasons the proposed size standard would be appropriate; and a certification that there will be compliance with the criteria set forth in paragraphs (b)(1)(i) and (b)(1)(ii) of this section; and
- (ii) Agree to provide written notice to SBA's Administrator prior to publishing the contemplated size standard as a final rule. The notice must include: a copy of the intended final rule, including the preamble, or a separate written justification for the intended size standard followed by a copy of the intended final rule and preamble prior to its publication; copies of all public comments relating to the size standard received in response to the proposed rule; and any other supporting documentation relevant to the size standard and requested by SBA's Administrator.
- (3) When approving any size standard established pursuant to subsection (b) of this section, SBA's Administrator will ensure that the size standard varies from industry to industry to the extent necessary to reflect the differing characteristics of the various industries, and consider other relevant factors
- (4) Where the agency head is developing a size standard for the sole purpose of performing a Regulatory Flexibility Analysis pursuant to the Regulatory Flexibility Act, the department or agency may, after consultation with the SBA Office of Advocacy, establish a size standard different from SBA's which is more appropriate for such analysis.

## § 121.903 When does SBA determine the size status of a business concern?

For the purpose of compliance with programs of other agencies, SBA will base its size determination on the size of the concern as of the date set forth in the request of the other agency.
